📍 Al karama, Dubai

SUMMARY

To work in a competitive and chanllenging atmosphere and to contribute the best of my ability towards the growth of the organizational and to utilize my interpersonal skills to pursue a challenging and rewarding career.

PROFESSIONAL EXPERIENCE

Web developer with 1 year and 6 months of experience

Aroopa Technology

2023-2024 Chennai, TamilNadu,IND

- Aroopa Apps

  Platform - React js, node js.

  It is an E-Commerce Management System is designed to streamline operations for enterprises of all sizes that makes it simple for all enterprises. Built with React.js for a responsive user interface and Node.js for robust backend performance, This comprehensive platform includes order management, workflow automation, forms, Landing Page, campaign management, invoice handling, and a contact center management system, all functioning together seamlessly.

  Key Features:

  Responsive Landing Page: Developed a responsive landing page using GrapesJS, a powerful web builder framework that allows for drag-and-drop interface design.

  State Management: Utilized state management solutions like Redux or Context API for efficient data flow and application state handling.

  RESTful API Integration: Integrated React applications with RESTful APIs to fetch and update data asynchronously, ensuring smooth interaction with backend services.

  Routing: Implemented routing in React applications using React Router to enable seamless navigation between different views and modules, enhancing user experience.

  Performance Optimization: Optimized React applications for performance through techniques such as code splitting, lazy loading, and best practices like memoization and use of the React Profiler.

  Security and Compliance: Implemented industry-standard security practices such as input validation, data encryption, and secure authentication mechanisms.

- MEDCOMPLI

  Platform - React js, node js.

  A Fast responsive, multi-device supported compliance management system designed for healthcare providers with full customisation services.

EDUCATION

Bachelor of Engineering in Computer Science

Syed Ammal Engineering College

2017- 2021
